LIPOSCULPT DETOX CAPS

LipoSculpt Detox Caps unlock the way to weight loss!

Our bodies are continuously assaulted by toxins found in our air, food, and water supply. The body naturally protects itself from toxins by covering toxins with fat. This is the reason it is essential to detox before starting a weight loss challenge. First rid your body from toxins and then you will lose the fat.

LipoSculpt Detox Caps supports detoxification through excretion of toxins from the body and will restore the *balance and homeostasis* of the body systems naturally.

Liposculpt Detox Caps will assist you when dieting, losing weight, with constipation, bloating and detoxification of your body.

LipoSculpt

LIPOSCULPT SLIMMING EFFERVESCENT

Weight loss is challenging! This is why we have created a weight loss support solution to effectively address these concerns. Work life, age, and daily stresses can all contribute to slower metabolism and can drain your energy levels.

Reducing stubborn fat is almost impossible. We know this all too well which is why we created this intelligently formulated solution to help reach weight loss goals.

LipoSculpt

LIPOSCULPT SLIMMING EFFERVESCENT

LipoSculpt slimming effervescent is a powerful combination of plant extracts scientifically proven to

- ✓ *Block fat storage*
- ✓ *Speed up metabolic rate*
- ✓ *Increase fat breakdown*
- ✓ *Suppress appetite and reduce cravings*
- ✓ *Increase energy levels*

FEEL THE POWER THE FIRST TIME!

LipoSculpt

LIPOSCULPT CLA

CLA stands for conjugated linoleic acid. **CLA** is an essential fatty acid. It is a good fat which helps to breakdown bad fats like cholesterol.

CLA is a naturally occurring fatty acid found in our diet and since the body cannot produce this fatty acid it can be obtained only through the diet.

CLA is found in food products from ruminant animals such as meat, cheese and dairy products.

LipoSculpt

LIPOSCULPT CLA

CLA is produced from LA (Linoleic Acid) and has a rearrangement of its molecular structure, resulting in a unique fatty acid which provides for its clinical proven health benefits.

LipoSculpt CLA is best known as an effective product for reducing body fat and increasing lean muscle mass resulting in an improved physique.

LipoSculpt CLA is a rich source of **CLA**. Scientific studies prove that when 3 grams of **CLA** are consumed daily, body fat can be reduced safely in 8 to 12 weeks

LipoSculpt

BODY CHOICE SPONGE

The **skin is the body's largest detox organ**, and needs to be exfoliated regularly to remove dead skin cell build up and restoring the skin's ability to get rid of toxins. The **Body Choice Sponge** easily scrubs away dead skin cells, stimulating circulation and collagen production to restore your skin's youthful elasticity and natural soft radiance.

- ✓ *Provides a full rich lather that is easy to rinse*
- ✓ *Cleans, exfoliates & polishes your skin*
- ✓ *Improves skin tone & texture*
- ✓ *Ideal for pre-treatment preparation*
- ✓ *Long lasting & completely hygienic*
- ✓ *Mould resistant & will never congeal*

BODY CHOICE SPONGE

Our innovative sponge always retains its shape, is long lasting and hygienic - never moulding.

The **Body Choice Sponge** is a great weapon in the battle **against cellulite** and **ingrown hairs**. Exfoliate your skin at home using the **Body Choice Sponge** for perfectly smooth, toned and refreshed skin.

Japanese Dry Brushing is an ancient technique designed to strengthen skin and rejuvenate it to its natural beauty. The **Body Choice Sponge** mimics the stimulating quality of dry brushing, helping you to exfoliate, detoxify and eradicate skin problems.

LipoSculpt

LIPOSCULPT THERMO GEL

LipoSculpt Thermo gel, is a slimming, fat loss gel designed for the entire body. It works to reduce fat and cellulite in the body.

- ✓ LipoSculpt is HEAT activated (fat starts melting at 40°)
